To Whom It May Concern

I have always wanted to work abroad, so I took a cruise management course at the Green City International College. This course has given me the necessary knowledge, experience and the confidence to pass the job interview.

I have just received an employment letter from one of the largest cruise line companies in the world – the Royal Caribbean Cruise line. I will be joining the Allure of the Seas.

I am writing this letter in appreciation of all the kind assistance and considerations given to me by the cruise management team to achieve my dream of working overseas.

Right from the very beginning of the cruise management team has been very helpful and encouraged me to take this course seriously. In order for me to qualify for the job they have kindly guided me every step of the way – from the classroom lectures, the culinary lessons, the pre-screening, obtaining the necessary documents, and the interview with the ship's hiring interviewer.

I would like to take this opportunity to thank everybody in the college who has helped me and I wish them the best of luck in the future of their cruise management course. Thank You.
